### Some More Testimonials

Today we had the Protectors of the planet show at our kindergarten! The show was fabulous and contained a lot of content, but the children were enthralled for the WHOLE session. Breaking it up with the dancing kept them focused. Both presenters were excellent and we enjoyed all of the music. I will be using the music with the children to follow up from today's experience. Thank you very much.

We were lucky enough to have Super Strong Bones and his friend visit our centre to teach us all about staying active, eating healthy and caring for our bones. The show was very professionally presented and full of high energy fun, with lots of singing and dancing for the children to engage in with Super Strong Bones, and all while learning important messages about our health. Our children had a great time, and are roleplaying being "Super Strong Bones" in the playground. I highly recommend the Team at Go Seek for your next show.
